

Steve Crown God Of Wonders Lyrics

LYRICS

I have gone through many problems I've been hurt too many times Through  
sickness and afflictions And I felt all hope was lost Then, I looked up to the  
heavens And I heard a tender voice I'm the God of time and mysteries But you  
may not understand

God of wonders God of signs God of miracles You are the great I am

King of all the earth We worship and we bow to You For You are God And  
forever You will be

I have cried so many tears Been rejected many times My weakness and my scars  
Seems to get the best of me I know You've got a better plan 'Cause I heard a  
tender voice You're the God of time and mystries But I may not understand

God of wonders God of signs God of miracles You are the great I am

King of all the earth We worship and we bow to You For You are God And  
forever You will be

God of wonders God of signs God of miracles You are the great I am

King of all the earth We worship and we bow to You For You are God And  
forever You will be

You are God

You are God And forever You will be

You are God You are God And forever You will be
