Lyrics

We are in the days of your power Lord yeah revival has begun We are in the days of your power Lord yeah restoration begins

We are in the days of your power Lord yeah revival has begun We are in the days of your power Lord yeah restoration begins

It begins in our hearts Lord and it flows like a river and it burns like a fire fire of the Lord eh rpt

Fire fire fire fire fire fire fire fire fire fire of the Lord

Fire fire fire fire fire fire fire fire fire fire of the Lord

with your heart you can see but with your hand you will handle the mighty things that the Lord has done oh oh oh with your heart you can see with your life you will manifest this is your manifestation

It begins in our hearts Lord and it flows like a river and it burns like a fire fire of the Lord eh rpt

Fire fire fire fire fire fire fire fire fire fire of the Lord

Fire fire fire fire fire fire fire fire fire fire of the Lord

Fire fire fire fire fire fire fire fire fire fire of the Lord

Fire fire fire fire fire fire fire fire fire fire of the Lord

It s in the book of Hosea chapter 6 It says on the second day you will revive us and on the third day, you will restore us

Fire fire fire fire fire fire fire fire fire fire of the Lord

We are in the days of your power Lord yeah revival has begun We are in the days of your power Lord yeah restoration begins
