

Neon Adejo - Grace is Working Lyrics

LYRICS

I am born of God and I know who I am I've been bought by his blood all things made new If you knew me before I'm no longer the same who I was is behind and who I am is in christ Grace is working for me Grace is working for me oh oh oh Grace is working for me oh oh oh

Grace is working for me Not by power Nor by might but your spirit is moving Grace is working for me Christ has won it for me see the smile on my face Now he lives in me is with me and for me There's no curse holding me

All I need he supplies (Grace is working for me) it is working it is working it is working it's working Grace is working for me Grace is working for me oh oh oh grace is working for me oh oh oh grace is working for me Not by power nor by might but your spirit is moving Grace is working for me
