

Neon Adejo Take It Away Lyrics

LYRICS

If there'll be anything That hinders me from You Take It Away Take It Away
If there'll be anything That hinders my worship Take It Away Take It Away

If there'll be anything That hinders me from You Take It Away Take It Away
If there'll be anything That hinders my worship Take It Away Take It Away

Take my doubts away Take my fears away Oh Lord, oh Lord take my past away
Purify my heart So I can worship So I can worship So I can worship You're my
King So I can worship So I can worship So I can worship You're my King

If there'll be anything That hinders me from You (take It Away) Take It Away
(please take It Away) Take It Away (take It Away I wanna come close I need
You) If there'll be anything That hinders my worship (please God) Take It Away
(please take It Away) Take It Away Take my doubts away (take It Away Lord,
take It Away) Take my fears away Take my past away, take my past away (take
my past away)

I just wanna see You Lord, I just wanna see You Lord (purify my heart)) Take
my doubts away Take my fears away Take my past away(Lord, away Lord, away
Lord) Purify my heart So i leave to my voice to say So I can worship So I can
worship So I can worship You're my King, bring me back to you Lord I swear
come closer, I swear come closer

So I can worship I forgive our fault for us So my soul longs for You Yes my soul
longs for You, God Lord, I need You more I need You more So I can worship
(so I can worship) So I can worship (so I can worship)
