"Undignified (Excuse Me)"

Many battles
Many struggles
But God has been there for me
Fighting for me
Winning for me
He has never lost a fight
Many battles
Many struggles
But God has been there for me
Fighting for me
Winning for me
He has never lost a fight

The number of my scars
Are the number of my victories
That's why my praise
Can never be the same as yours
The number of my scars
Are the number of my victories
That's why my praise
Can never be the same as yours

Excuse me
If I get undignified
You don't know
Like I know what He has done
For me
Excuse me
If I get undignified
You don't know
Like I know what He has done
For me

Many battles
Many struggles
But God has been there for me
Fighting for me
Winning for me
He has never lost a fight

Many battles
Many struggles
But God has been there for me
Fighting for me
Winning for me
He has never lost a fight

The number of my scars
Are the number of my victories
That's why my praise
Can never be the same as yours
The number of my scars
Are the number of my victories
That's why my praise
Can never be the same as yours

Excuse me
If I get undignified
You don't know
Like I know what He has done
For me
Excuse me
If I get undignified
You don't know
Like I know what He has done
For me
