

## Preye Odede - Straight From Heaven Lyrics

You may have been down  
You may have been broken  
Just hold on  
It's not over yet  
Doors of disappointments  
And gates of frustrations  
But hold on doo do do  
Smile is coming now

You may be down and feel  
discouraged  
Just hold on  
Help is coming now

You prayed and you're empty  
And don't know what to do  
Just hold on hold on  
Your help is on the way

Hold on hold on  
Help is on the way

Straight from heaven straight from  
heaven

Don't you cry is coming from the  
lord

Is coming

Hold on from heaven help is on the  
way

Receive it

Straight from the heaven straight  
from heaven

It's coming from the Lord

You've been crying and praying for a  
baby baby

Your neighbors laughing and they  
call you barren

My sister don't you cry it will be  
alright

Hold on

Your help is on the way

The doctor says it's over and you're  
weary

You're waiting for the time you  
cannot live on

Don't you worry I'M right here  
You cannot give up  
Hold on hold on  
Your help is on the way

Yeah hold on hold on  
Help is on the way  
Help is on the way  
Straight from heaven  
Coming from the Lo-o-o-o-rd is  
coming from the Lord gbim gbim

Please believe me hold on help is on  
the way  
I won't leave you straight from  
heaven

from the Lord  
You can lean on Me right here hold  
on help is on the way
