

Yadah - Marvelous Things Lyrics

You have done marvelous things, for
me

You have done marvelous things

You have done marvelous things, for
me

You have done marvelous things

Great are the works of Your Hands

You have done marvelous things, for
me

You have done marvelous things

You have done marvelous things, for
me

You have done marvelous things

I will sing of all that You have done

I will testify of all that You have
done

I will sing of all that You have done

I will testify of all that You have
done

You have done marvelous things, for me

You have done marvelous things
(Great are the works of Your hands,
my God)

You have done marvelous things, for me
(beautiful things for me)

You have done marvelous things
(Great are the works of Your hands,
You have done)

You have done marvelous things, for me

You have done marvelous things
(Great is Your salvation in all that
You've done, Lord)

You have done marvelous things, for me

You have done marvelous things
(oh, I will sing)

I will sing of all that You have done
(I'll testify)

I will testify of all that You have
done (shout it everywhere)

I will sing of all that You have done

(shout it everywhere)

(Everybody knows what You have done)

I will testify of all that You have done (marvelous things for me)

I will sing of all that You have done

I will testify of all that You have done (let everybody hear, let everybody hear)

I will sing of all that You have done (that You've been good to me)

(You have done marvelous, marvelous, marvelous, marvelous things)

I will testify of all that You have done, ay

Wonderful things that You have done

Marvelous things that You have done

You have sealed me with Your spirit

Wonderful, marvelous, beautiful things that You have done

You have given Your Son in my place
You have made Your home in my
heart

You have done marvelous things
You've given me the hope of eternal
life

Sealed me with Your Spirit, that's my
assurance

You have done marvelous things

I will sing

I will sing of all that You have done (I
will sing, I will sing, ay)

(I will shout it everywhere)

I will testify of all that You have
done (oh yeah-yeah)

I will sing of all that You have done

I will testify of all that You have
done (oh)
