

Moses Bliss ft. Festizie - Perfection Lyrics

Yeah yeah yeah yeah yeah

I am perfect in everything
God has said it
That's what it is

I am perfect in everything
God has said it
That's what it is

I am walking in his glory
Walking in his grace
Walking in perfection
That's just the way it is

I am walking in his glory
Walking in his grace
Walking in perfection
That's just the way it is

My life is not ordinary

For the Holy Spirit
Lives inside me
Yeah yeah
And in everything I do
I do it just like Jesus
Cause I function by the Spirit
And I'm perfect in the Lord
I'm not moved by what I see
Moved by what I hear
'Cause the Word of God is final
And it shows me who I am
I'm never never moved by what I see
Moved by what I hear
The Word of God is final
And it shows me who I am

So I am walking in his glory
Walking in his grace o
Walking in perfection
That's just the way it is

I am walking in his glory
Walking in his grace
Walking in perfection
That's just the way it is

I am walking in his glory
Walking in his grace
Walking in perfection
That's just the way it is

I am walking in his glory
Walking in his grace
Walking in perfection
That's just the way it is

Alignment, completeness
Excellence, fruition
That's how I live in Christ
Alignment, completeness
Excellence, fruition
That's how I live in Christ
Yeah

Eh! Through Jesus I'm perfect O
There's nothing I cannot do O
I live by the Word
I live by the faith of the Son of God O
Through Jesus I'm perfect O
There's nothing I cannot do
I live by the Word
I live by the faith of the Son of God
Through Jesus I'm perfect O

There's nothing I cannot do O
I live by the Word
I live by the faith of the Son of God O
eh
Through Jesus I'm perfect O
There's nothing I cannot do O
I live by the Word
I live by the faith of the Son of God O
eh

I am walking in his glory
Walking in his glory
Walking in his grace
Walking in his grace
Walking in perfection
That's just the way it is

Yes I am walking in his glory
Walking in his grace
Walking in perfection
That's just the way it is

I am perfect in everything
God has said it
That's what it is
