

Victor Thompson - Grow Lyrics

Rest on my shoulders

No mean say make you press me
die

No no no no

Small invite make you come chop

No mean say make you hold my
hand

No no no no

It shouldn't be all about using people

Greed get nothing good to offer but
evil

Simplicity is not naivety

Uh uh naivety

Show more gratitude

Love in attitude

Sh-ooo-wwwww

Show more gratitude

Love in attitude

Sh-ooo-wwwww

Show more gratitude

Love in attitude
Sh-ooo-wwwwww
Show more gratitude
Love in attitude
Sh-ooo-wwwwww

Grow grow grow
Please grow grow grow
You should have a change of heart
Grow grow grow
Grow grow grow
Please grow grow grow
You should have a change of heart
Grow grow grow

Set your heart
Make it right
Let it start from inside
It shouldn't be all about using people
Greed get nothing good to offer but
evil

Simplicity is not naivety
Uh uh naivety

Rest on my shoulders

No mean say make you press me
die

No no no no

Show more gratitude

Love in attitude

Sh-ooo-wwwwww

Show more gratitude

Love in attitude

Sh-ooo-wwwwww

Grow grow grow

Please grow grow grow

You should have a change of heart

Grow grow grow

Rest on my shoulders

No mean say make you press me
die

No no no no
