

Dunsin Oyekan - City Of God Lyrics

Let your living waters flow out of me
Let your Holy Spirit overshadow me
As it was in the beginning, so let it
be now
I am the city, the city of God

Let your living waters flow out of me
Flow out of me
Let your Holy Spirit overshadow me
As it was in the beginning, so let it
be now
I am the city, the city of God

Eden is no more a place
I am the city of God
I bring heaven
Heaven here and now

Eden is no more a place
I am the city of God
I bring heaven

Heaven here and now

Let your living waters flow out of me
Let your Holy Spirit overshadow me
As it was in the beginning, so let it
be now

I am the city, the city of God

Let your living waters flow out of me
Flow out of me
Let your Holy Spirit overshadow me
As it was in the beginning, so let it
be now

I am the city, the city of God

Lift you voice (Eden is no more a
place)

Eden is no more a place

I am the city of God

I bring heaven

Heaven here and now

Eden is no more a place

Eden is no more a place

I am the city of God

I am the city of God

I bring heaven
Heaven here and now

Lift it up say " (Eden is no more a
place) "

Eden is no more a place
I am the city of God
I bring heaven
Heaven here and now

Say "Eden is no more a place"
Eden is no more a place
I am the city of God
I bring heaven
Heaven here and now

Say that again (Say "Eden is no
more a place")
Eden is no more a place
I am the city of God
I am the city of God
I bring heaven
Heaven here and now

Say it one more time (Say "Eden is
no more a place")

Eden is no more a place
I am the city of God
I am the city of God
I bring heaven
I bring heaven
Heaven here and now

Say "Eden is no more a place", eh
yaaay

Eden is no more a place
I am the city of God
I am the city of God
I bring heaven
I bring heaven
Heaven here and now

Somebody say "Eden is no more a
place"

Eden is no more a place
I am the city of God
I bring heaven
Heaven here and now

There's a river inside of me that is
able to drown the world
Eden is no more a place

I am the city of God
I am the city of God
I bring heaven
Heaven here and now

There's a river inside of me that is
able to drown the world
Eden is no more a place
I am the city of -
I am the city of God
I bring heaven
Heaven here and now

There's a river inside of me that is
able to drown the world
Eden is no more a place

Heaven here and now
