Amazing God

You're not just able
You're more than able
Shall I bless Your name, Jesus
Nobody like You, Lord
I love You

And You're still doing mind-blowing things
You're still doing mind-blowing things
You're still doing mind-blowing things
Amazing God
You're still doing mind-blowing things
You're still doing mind-blowing things
You're still doing mind-blowing things
You are amazing God

You're still doing mind-blowing things
You're still doing mind-blowing things
You're still doing mind-blowing things
Amazing God
You're still doing mind-blowing things
You're still doing mind-blowing things
You're still doing mind-blowing things
Amazing God
You're still doing mind-blowing things
You're still doing mind-blowing things
You're still doing mind-blowing things
Amazing God

Amazing God
Amazing God

Amazing God

You do mind-blowing things
Amazing God
You do mind-blowing things
Amazing God

Hallelujah
