

Victor Thompson - Light Lyrics

Uh uh uh
Imole de

We no dey stop for no body
We no dey slow down for nobody
There is no holding back for nobody

There is no dimming light
I no go fit lie
Nothing go stop my shine
There is no dimming light
I no go fit lie
Nothing go stop my shine

Light of the world cannot be hidden
We lead the race among the living
Light of the world cannot be hidden

Light of the world cannot be hidden
We lead the race among the living
Light of the world cannot be hidden

I know
We glow even better in the dark
You know
We blow trumpet for everybody to know
To know
We carry fire for head ooo

There is no dimming light
I no go fit lie
Nothing go stop my shine
There is no dimming light
I no go fit lie
Nothing go stop my shine

Light of the world cannot be hidden
(Light of the world cannot be hidden)
We lead the race among the living
(We lead the race among the living)
Light of the world cannot be hidden
(Light of the world cannot be hidden)

Light of the world cannot be hidden
(Light of the world cannot be hidden)
We lead the race among the living
(We lead the race among the living)
Light of the world cannot be hidden
(Light of the world cannot be hidden)

It is not fault I'm loved
That is just my only flaw
I'll always be on top

It is not fault I'm loved
That is just my only flaw
I'll always be on top
