

# Naomi Raine - Cover The Earth Lyrics

## LYRICS

Haven't you heard it?  
There is an empty grave  
So why are we begging?  
For what he freely gave  
Boldly, I'm running  
The veil has been torn  
We're ready, lord  
We've never been beggars  
We have an inheritance  
'Cause he is our father  
And we have been grafted in  
We're living your vision  
To see the earth transformed  
We're ready, lord

Let your glory cover the earth  
Let your glory cover the earth  
Let your glory cover the earth  
Let your glory cover the earth  
Let your glory cover the earth  
Let your glory cover the earth  
Let your glory cover the earth  
Let your glory cover the earth

Now that you've heard it  
You've got to tell someone  
Till everyone's burning  
Don't leave a stone unturned  
The mission is bigger  
Creation restored  
We want it, lord

Let your glory cover the earth  
Let your glory cover the earth  
Let your glory cover the earth  
Let your glory cover the earth  
Let your glory cover the earth  
Let your glory cover the earth  
Let your glory cover the earth  
Let your glory cover the earth  
Let your glory cover the earth  
Let your glory cover the earth  
Let your glory cover the earth  
Let your glory cover the earth  
Let your glory cover the earth  
Let your glory cover the earth  
Let your glory cover the earth  
Let your glory cover the earth  
Let your glory cover the earth

Why wait till heaven when it's here right now  
Look for the miracles, they're breaking out

We touch his garment with a desperate sound  
Have your way, God  
Why wait till heaven when it's here right now  
Look for the miracles, they're breaking out  
We touch his garment with a desperate sound  
Have your way, God  
Why wait till heaven when it's here right now  
Look for the miracles, they're breaking out  
We touch his garment with a desperate sound  
Have your way, God  
Why wait till heaven when it's here right now  
Look for the miracles, they're breaking out  
We touch his garment with a desperate sound  
Have your way, God

Let your glory cover the earth  
Let your glory cover the earth  
Let your glory cover the earth  
Let your glory cover the earth  
Let your glory cover the earth  
Let your glory cover the earth  
Let your glory cover the earth  
Let your glory cover the earth

Why wait till heaven when it's here right now  
Look for the miracles, they're breaking out  
We touch his garment with a desperate sound  
Have your way, God  
Why wait till heaven when it's here right now  
Look for the miracles, they're breaking out  
We touch his garment with a desperate sound

Have your way, God  
Have your way, God  
Have your way, God  
Have your way, God  
Have your way, God  
Have your way, God  
Have your way, God  
Have your way, God  
Have your way, God  
Have your way, God
