

# Sinach - I Bow Lyrics

## LYRICS

I bow down  
Before Your holy presence  
And I bring you  
My heart felt deepest worship

I bow down  
Before Your holy presence  
I bring you  
My heart felt deepest worship

I called Your name  
You answered me  
You strengthened me  
Deep in my soul

I called Your name  
You answered me  
You strengthened me  
Deep in my soul

From the depth of my heart, I worship  
I lift my voice to give You glory  
From the depth of my heart, I worship  
For You are gracious  
You are kind

From the depth of my heart, I worship  
I lift my voice to give You glory  
From the depths of my heart, I worship  
For You are gracious  
You are kind

I worship with all that is within me  
Refreshing is the fragrance of your presence  
I worship with all that is within me  
Refreshing is the fragrance of your presence

You satisfied  
My thirsty heart  
You lifted me  
And healed my heart

You satisfied  
My thirsty heart  
You lifted me  
And healed my heart

From the depth of my heart, I worship  
I lift my voice to give You glory  
From the depth of my heart, I worship  
For you are gracious

You are kind

From the depth of my heart, I worship  
I lift my voice to give You glory  
From the depth of my heart, I worship  
For you are gracious  
You are kind

For You are wonderful  
None compares to You  
I worship  
I worship

You are wonderful  
None compares to You  
I worship  
I worship

You are wonderful  
None compares to You  
I worship  
I worship

You are beautiful  
None compares to you  
I worship  
I worship

You are wonderful  
None compares to You  
I worship  
I worship

You are beautiful  
None compares to You  
I worship  
I worship

From the depth of my heart, I worship  
I lift my voice to give You glory  
From the depth of my heart, I worship  
For you are gracious  
You are kind
